Order of the Engineer Ceremony

Dear Fellow SHPE'rs,

The 2010 record breaking Order of Engineer (OOE) event was a complete success! The 38 inductee ceremony was held at the University of Houston (UH) and was attended by family, friends and University officials. This year the UH Dean of Engineering, Dr. Shattuck, and the UH Director of the PROMISE

program, Dr. Kathy Zerda, participated in the event by delivering the History & Significance of the Order of the Engineer Ring, as well as the Obligation of the Engineer. Additional motivation on the significance of the event was provided by Jose De La Pena, SHPE Houston Treasurer, as he shared personal experiences on the professional life and ethics. Given the success of the May ceremony, the next OOE event has been tentatively planned for December 4, 2010. A special thanks goes out to the UH SHPE Chapter as they were instrumental to the event's success. Should you have any questions or comments on this activity, please email OOE@shpehouston.org.

Upcoming Events
